

# SIMCLAD LIMITED

## Environmental Policy Statement

It is the policy of Simclad Ltd to practice a public commitment towards the Environment. the company recognises its responsibility to utilise products that meet recognised environmental criteria and to use them in a way that recognises an environmental social commitment.

Simclad Ltd shall ensure this by fulfilling objectives, which are:

- We will seek to minimise the use of non-renewable raw materials.
- We will control emissions to air, land and water using the principles of BATNEEC
- We will be a responsible employer and good neighbour.
- We will manage our operations and processes in a way, which respects and protects the environment while preventing pollution.
- Our operations will conform to current legislation and competent internal or external personnel will regularly monitor compliance.
- We will be in the forefront of developing new environmentally responsible initiatives, where it is economical and practical to do so.
- We will be committed to the continual improvement of our environmental performance.
- We will make environmental objectives publicly available by displaying them at the reception area of our company and by providing the information in written form on request to all relevant interested parties.
